Actions from previous meeting

The group discussed the results from the recent questionnaire circulated by PB, which gave various reasons as to why members do not attend rides (mainly other commitments) but gave no overall consensus of what direction the club should take. There then followed a lengthy discussion about potential options and it was agreed that the group should choose the simplest option for the moment which is to continue in the same format, amend the constitution to reflect the changes identified at the last meeting and reconsider the current offer of weekly/fortnightly club rides to become a once monthly ride, and concentrate efforts to promote these rides to existing and potential new members.

Constitution changes

The group went through the changes to the constitution document and these were duly agreed, in accordance with the agreement by the sub committee at the last meeting.

1. Change from cycle to cycling
3. a - addition of age stipulation; addition of stipulation of ability to ride a cycle
c – addition to reflect membership fee
f – amendment to confirm that all club members are eligible to take part in club business
5. a – take out reference to pod representatives, addition of clause for sub committee to be appointed in case matters arise
j– take out clause as all members are now eligible to vote
11. Change from cycle to cycling
